Why Consider our Wellness Plans?

Our Wellness Plans were designed with our clients needs in mind. Essential care is neatly packaged into plans that ensure each pet receives above-and-beyond attention while allowing monthly payment options.

As your furry family members age, the plans change to fit their specific needs. We keep track of payments, recommend plan changes, and update you about upcoming exams and treatments.

Who We Are

About Us

As pet owners ourselves, we understand the important role your pet has as a member of your family. Our goal is to keep that bond a happy and healthy one for years to come. We welcome you and your companion animal to join our family at Olde Towne Animal Center.
